

Organisation (GEO)

Group on Earth Observations

Member States

Participating Organisations

GEO Plenary

Ministerial Summit

GEO Secretariat

> SAON is a PO in GEO

Implementation (GEOSS)

Global Earth Observation System of Systems

Work Programme (3 years),

-GEO Flagships

-GEO Initiatives

-GEO Community Activities

-GEO Foundational Tasks

https://www.earthobservations.org/geoss_wp.php

> SAON is participating GEO Cold Regions Initiative

-co-leads team (PP and HS)

-in several Tasks (Data, infrastructures, observations...)

> SAON as ArcticGEOSS (regional GEOSS, under GEO Initiatives)?

GEOCRI

-Global Initiative

-Aligned with SAON strategy
-Arctic-Antarctic-High Mountain connection

-SAON has an important and visible role (co-lead, task leads)
-2nd year of the 3-year work plan > progress according to the plan

-EU-H2020 call for "GEO Cold Regions"

Arctic GEOSS

-GEO Initiative, regional GEOSS

-Regional GEOSS have increasing emphasis in GEO Work Programme? > SAON visibility in GEO/GEOSS
-Aligned with SAON strategy

-Application process to GEO Work Programme 2017-2019?
-Required resources? E.g. expected outcome/product?
-Implementation-Reporting-Administration?
-SAON brand vs. ArcticGEOSS brand?
